

IMPORTANT INSTRUCTIONS

<u>Bearing or Position</u>	<u>Part No.</u>	<u>Available Undersizes</u>	<u>Bearing O.D. or Housing Bore</u>
Cam Bearing Set	SH-1349S	Std.-10	
1	SH-1349	Std.-10	2.0190/2.0210
2-5	SH-1350	Std.-10	2.0090/2.0110
3-4	SH-1351	Std.-10	1.9990/2.0010

Note to Performance Engine Builders:

When using these components in Performance applications the block should first be checked for proper housing bore alignment. Secondly, vertical oil clearance should be checked to insure a minimum of .002" on each journal.
